Population of Erie County (1920 Census) --- 634,688

Population of City of Buffalo (1920) --- 506,775
(Covered by Buffalo City Directory)

Population of City of Tonawanda (1920) -- 10,068
(Covered by our Tonawanda City Directory)

Total urban population ----- 516,843

Total rural population ----- 117,845
(Covered by our Erie County Directory)

Number names in this book ----- 25,580

Population represented ----- 117,845

NOTE:—The Directory canvass includes only heads of families and children over 18 years, while the Census includes every individual. For example, the average family, consisting of father, mother and three children under 18 years would be counted as five in the Census, while only represented by one name in the directory. On this basis (5 to 1) the 25,580 names in the Erie County Directory represent a rural population of 127,900, or an increase of 10,055 since 1920.

FOREWORD

IN response to the demand for a complete and authentic list of the residents of Erie County, Roberts Brothers Company herewith presents its first edition of the **Erie County Directory**.

We have endeavored to give our subscribers a complete and reliable reference medium of real and tangible value. Some idea of the amount of work entailed in this enterprise may be gained, when it is remembered that Erie County contains over 120 towns and villages, and 62 rural routes. These towns, villages and routes have been carefully canvassed and the names compiled in an alphabetical list. The two cities, Buffalo, and Tonawanda, are not included in this work, having directories of their own.

The work of compiling the first edition of a medium of this kind is always much more difficult than that of any succeeding edition, due to the fact that it involves a careful pre-canvass survey of the new territory, and a continual process of education and explanation, in order to assure prospective advertisers and subscribers of the completeness of the work when finished, and the reliability of the publishers.

In working this new field for the first time, mistakes and omissions have undoubtedly occurred. We ask that the public of Erie County may realize the difficulties involved in this new enterprise and the tremendous amount of data assembled and tabulated, and that they may be constructive in criticism and co-operate with us in making succeeding issues of the Erie County Directory of even greater accuracy.

In this connection we beg leave to say a few words concerning ourselves. The firm of Roberts Brothers was organized 33 years ago, to engage in the general printing business. In 1904 it was incorporated under the name of Roberts Brothers Company, and in this year the first directory published by the company was printed. For the past 20 years we have been directory publishers, covering a territory in Western New York, gradually adding to our list of publications and enlarging our field. The growth of the business has been steady and substantial, founded on a reputation for fair dealing and reliability. We trust that we may soon become better acquainted in Erie County and that we may be able to render a service mutually pleasant and profitable.

ROBERTS BROTHERS COMPANY,

Lockport, N. Y.

GOOD SERVICE—AND BEYOND

There is a kind of service where nothing is omitted—you get all that was promised to you, no more, no less.

Then there is that rarer and superior type of service where **something is added**—beyond what you had expected to receive.

It is this latter kind of service which the **EVANS NATIONAL BANK** strives earnestly to render to every one of its depositors.
